

Our Soution

Electrical, Motor & Drives Systems

We design HMI, Scada interface, PLC programming & Integrations and Wiring inventors systems. We also provide complete solution including motor and field instruments installation and cable wiring.

- Supply & Install
- Repairs & Troubleshooting
- Migration
- Design, Engineering, Programming, Installation and Testing & Commissioning.

Power & Electrical Panel

We design and manufacture electrical switchboard, distribution Panel, Gen set synchronizing board, and others made to purpose electrical control panel.

- Supply & Install
- Repairs & Troubleshooting
- Design, Engineering, Installation and Testing & Commissioning.

System Maintenance and Repair

We also provide periodic or ad-hoc maintenance, troubleshooting to electrical system. In connection to the above, we also repair electronic card and supply part replacement.

- Repairs & Troubleshooting
- Maintenances

Earthing & Lightning Protection

We provide design and install earthing & lightning systems protection systems as per standard IEC62305.

- Design, Engineering, Installation and Testing & Commissioning.
- Repairs
- Provide Test Report

HVAC & Ducting Systems

We provide design and install HVAC & Ducting systems.

- Supply & Install
- Repairs
- Maintenances

Process Instrumentation and Dynamic Weighting System

We provide design, install and solution for Process Instruments such as Flow Meter, Pressure Transmitter, Temperature Transmitter, Level Sensor and Weighing Technology.

- Supply & Install
- Calibrate
- Repairs & Troubleshooting

Our Project

Cement Industries

- PLC & SCADA
- Instruments
- Earthing & Lightning Protection System

Lime Store Industries

- PLC & SCADA
- DOL Migration
- Soft-Starter Migration
- VFD Migration
- Battery & UPS System
- Earthing & Lightning Protection System

Logistic Industries

- Barcode System
- Instruments

Food & Packaging Industries

- Conveyor System
- Instruments

Steel Industries

- PLC & SCADA
- Instruments
- Battery & UPS System
- Earthing & Lightning Protection System

Waste Water Industries

- PLC & SCADA
- Instruments

Marine & O.I & Gas Industries

- Power Generator Synchronization
- Instruments

Power Generation Industries

- Power Generator Synchronization
- Instruments
